

In his role as Chief People Officer, Rajan is responsible for all aspects of Human Resources (HR) management, applying more than two decades of experience in the field to help further attract, cultivate and retain the best talent in the digital and social analytics market. He has extensive experience in business development, deal structuring and account management.

Before joining LatentView, Rajan was with Accenture for nearly 20 years; during his tenure there, he held various leadership positions in HR, recruitment, client services and business strategy. Most recently, Rajan was learning and talent development lead for Infrastructure Services, after serving as client services lead for the Health & Public Service Industry Group.

Rajan completed his Bachelors in Civil Engineering from the Birla Institute of Technology and Science, Pilani and earned his M.B.A. from IIM, Calcutta.
